ENVIRONMENT PROTECTION TECHNOLOGY EXHIBITION

Advancing Innovation for a Sustainable Future

**AUGUST 2024 - HALL 12A**  
**ITPO, PRAGATI MAIDAN, NEW DELHI**

AN INTERNATIONAL EXHIBITION ON  
ENVIRONMENT TECHNOLOGY, EQUIPMENTS & ALLIED INDUSTRIES

## Environmental Protection Technologies

Environmental technology is the scientific study or application of engineering principles to understand and handle problems that influence our surroundings, intending to improve the environment. The markets for environmental technologies, especially the global markets, are driven by various developments, which seem to affect, perhaps even partially enhance each other. The rising environmental awareness, likely supported by strong economic growth in the emerging economies but also in developing countries in recent decades, puts some pressure on governments to reduce the air, water, or soil pollution – often resulting from this economic growth – that severely reduces the quality of life in many urban groups. To some extent, this characterises the situation in many large cities in India, with their problems regarding persistent air pollution, for example. Not surprisingly, India and China, among other mostly emerging economies, are major buyers of environmental technologies in the global markets.

Markets for environmental technologies in general are to a large extent dependent on environmental regulations, monitored and controlled by the governments. With their regulations, governments want to set and raise certain environmental standards, collection rates for waste, or they want to “force” the implementation of innovative technologies – for recycling or e-mobility. Hence, business companies supply those technologies and commodities, which are profitable or are expected to become profitable under the given framework conditions and are necessary for a circular economy.

## Welcome to EPTEx!

The Environmental Protection Technologies Expo (EPTEx) serves as a premier platform for industry professionals, policymakers, environmental enthusiasts and researchers to come together and explore the latest innovations, technologies, and solutions aimed at safeguarding our planet. This expo will feature a comprehensive showcase of cutting-edge products, services, and initiatives addressing various environmental challenges and promoting sustainability.

Join us for an immersive experience showcasing the latest advancements, solutions, and innovations in environmental protection and sustainability. Exhibit your cutting-edge technologies, connect with industry leaders, and discover opportunities to drive positive change for our planet.

## By joining us as an exhibitor, your company will benefit from:

- Exposure to a targeted audience of industry professionals, potential clients, and partners actively seeking environmental solutions.
- Opportunities to showcase your innovative products, technologies, and services to a diverse and engaged audience.
- Networking opportunities with key stakeholders, policymakers, and decision-makers in the environmental sector.
- Access to valuable insights, trends, and market developments shaping the future of environmental protection and sustainability.

### Why Exhibit?

#### Showcase Your Solutions:

Highlight your company's innovative products, technologies, and services to a targeted audience passionate about environmental protection.

#### Expand Your Network:

Connect with potential clients, partners, investors, and industry experts to explore collaboration opportunities and expand your reach.

#### Demonstrate Leadership:

Position your company as a thought leader and champion of sustainability, showcasing your commitment to environmental stewardship.

## Exhibitors Profiles

- Air Pollution Control
- Air Quality
- Noise Reduction
- Pollution Control Equipments
- Air Pollution Control Technology
- Water Pollution Control Technology
- Ocean Pollution Control Technology
- Solid Waste Management & Recycling
- Decontamination of Old Sites/Soil Treatment
- Plastic Waste Recycling
- Equipments & Tools Recycling
- Land Remediation
- Construction Waste
- Paper Industry Waste
- E-waste & Industrial Waste Companies
- Oil Waste & Bio-Waste
- Wastewater Management
- Cleaning Equipment & Machinery
- Agriculture Technologies
- Bio-Technology
- Environmental System
- Hydrogen and Fuel Cells
- Green Building
- Green Transportation
- Green Innovation & Technology
- HVAC Systems & Products
- Power Plant Optimization
- Environment Institutions / Organizations
- Environment Management & Services
- Generating Energy From Waste Materials
- Waste Management & Recycling
- Environmental Protection Services & Research
- Battery Technologies

## STALL BOOKING INFORMATION

Booth Size	Inaugural Rates (Valid till 30th Apr 2024)		Early Bird Rates (Valid till 15th June 2024)		Rates	
	INR/sq.m.	USD/sq.m.	INR/sq.m.	USD/sq.m.	INR/sq.m.	USD/sq.m.
12-18 sq.m.	9,000	280	9,500	290	11,000	320
19-36 sq.m.	8,500	270	9,000	280	10,500	310
Above 36 sq.m.	8,000	260	8,500	270	10,000	300

*Taxes as Applicable*

*The stand /space allocations may be amended by the organizer for the benefit of the Exhibition.*

## BOOTH PACKAGE

- ➡ Fascia with Company name
- ➡ Fully carpeted
- ➡ 3 Spotlights
- ➡ 2 Chairs
- ➡ 1 Counter / Table
- ➡ Company profile in Show Directory\*
- ➡ Company listed on website
- ➡ 1 Five amp plug point
- ➡ 1 Waste basket

\*Conditions Apply

## SPONSORSHIPS

Stand out from your competitors at the event!

- **PLATINUM SPONSOR**

Recognition in website, show promotions, event's program & show directory, company logo on event signage

- **GOLD SPONSOR**

Recognition in website, show promotions, event's program & show directory, company logo on event signage

- **SILVER**

Recognition in website, show promotions, event's program & show directory, company logo on event signage

- **BRONZE**

Recognition in website, show promotions, event's program & show directory, company logo on event signage

- **REGISTRATIONS & BADGES**

Banner with link on-line on registration pages, Logo on badges. Logo at registration counter.

- **EXPO BAG**

Recognition in website & show directory  
(Bag is provided by sponsor with company logo)

## Visitor Profiles

- Pollution Control Boards
- Environment Equipment Manufacturers
- Environment Consultants
- Education & Research Institutes
- Exporters & Importers
- Municipalities & Development Authorities
- Disaster Management Authorities
- Ministries & Government Officers
- Project Companies
- Dealers & Distributors
- Consulting Engineers, Architects, Surveyors
- Government Policy Makers, Urban Planners
- Facility Management Companies
- Recycling Companies
- Sewage Treatment Professionals
- Irrigation Departments
- Mineral & Mines Companies
- Oil & Petroleum Companies
- Engineering Companies
- Power & Cement
